

Omar Associates is a leader in building and repairing industrial food processing machinery. Omar Associates engineers and craftsmen design and build fryers, conveyors, grill markers and filters to meet a variety of applications.

Fryers

- Lab & production fryers
- Direct gas heat
- Electric heat

Vibratory Air Motors

- Quiet, long lasting design
- Low air consumption
- Keeps bulk materials flowing

Conveyor Systems

- Replacement fryer conveyors
- Stand alone conveyors
- Infeed & discharge conveyors
